Eco & Environmental Committee***

Thoughts on
EcoChurch
&
Personal Commitments

Ways in which we can make a difference

In the home

- Use a **green** energy supplier
- Wash with full loads at 30°C
- Dry clothes outside when possible
- Only run dishwasher when full
- Fill freezer to capacity & defrost regularly
- Only boil water in kettle that you need
- Use LED lightbulbs
- Avoid using paper plates & plastic cutlery
- Print on recycled paper

Shopping

- Buy no more than is needed
- Shop with re-usable bags
- If possible, buy Fairtrade, local & organic products
- Have milk delivered in glass bottles
- Buy **green** cleaning products
- Buy recycled paper products, including toilet & kitchen rolls
- Buy second hand
- Only buy materials responsibly sourced

In the garden

- Collect rain water
- Make a compost heap
- Allow part of your garden to grow wild
- Grow flowers that bees love
- If possible, plant a tree

Other

- Save in ethical investments
- Walk or use public transport instead of your car
- Eat less red meat
